ATLANTA, GEORGIA – The Committee for the Call for Abstracts of the 2018 National Trans Health Conference is accepting abstracts, workshops and poster submissions at www.slcatl.org from professionals that wish to present Trans competent information pertinent to all aspects of the Transgender experience with Health and Wellness at the 5th annual National Trans Health Conference on November 8-10, 2018 in Atlanta, Georgia.

We invite you to join with us, as we celebrate “Transgender Wholeness: Mind, Body & Spirit” at the Hilton Atlanta Airport for three full days to convene in an atmosphere of learning that specify the knowledge and skills that will be acquired by participants. Ronnie Bass, Chief Executive Officer and Founder of Someone Cares Inc., of the hosting 501 (c) (3) non-profit community based organization shared “We are seeking submissions that are innovative and lend to the overall impact in the daily lives of the Trans community utilizing technology, processes or delivery models that are practical and impactful.”

As the largest Transgender serving organization in the Southeastern United States, Someone Cares’ R.E.A.L. / T. (Reaching, Educating, Assisting, and Liberating Trans) program is created to assist the Trans community in garnering respect in a society that too often denies this for them. The goal of the R.E.A.L.T. program is to provide a safe space to empower transgender individuals to seek higher education, job placement, housing, skill building, physical and mental health through empathic support.

Join with us as we continue to build on the continually needed awareness of the Trans community from a health, legal, social and advocacy perspective.
