**ABSTRACTS, WORKSHOPS AND POSTER PRESENTATION
FOR THE 2018
National Trans Health Conference**

ATLANTA, GEORGIA – The Committee for the Call for Abstracts is advising that there is one more month to submit abstracts, workshops and posters for the 2018 National Trans Health Conference. The conference will be held under the theme “Transgender Wholeness: Mind, Body & Spirit” in Atlanta, Georgia from November 8 thru 10, 2018 at the Hilton Atlanta Airport.

The Committee is accepting abstract submissions from professionals that wish to present Trans competent information pertinent to all aspects of the Trans experience, gender and Health and Wellness. Abstracts should highlight key learning objectives, focus, activities and outcomes and specify the knowledge or skills that will be acquired by participants. They’re seeking submissions that are innovative and lend to the overall impact in the daily lives of the Trans community utilizing technology, processes or delivery models that are impactful. Abstracts, workshops and poster presentations are due by August 17, 2018.

Since its inception, the conference was created to provide for a meeting of minds, the appreciation for different perspectives and to affirm the commonalities between and for the Transgender community. By convening all the pertinent stakeholders to have provocative dialogue, providers can continually improve, find solutions and further enhance safe places, access to care and most importantly ensure that equality without bias is the order of the day for the Transgender populace.

Someone Cares is still welcoming those organizations that wish to lend their support in becoming a sponsor of the conference, advertising or being an exhibitor to contact Doug Anthony, the Event Management Consultant by email at dsgardin1221@yahoo.com.
