Joining the conference as a headliner is Dr. Kristie Overstreet, a clinical sexologist, psychotherapist, consultant, speaker and author who specializes in relationships and transgender identity. Dr. Kristie has been working with the LGBTQIA community for over a decade to help identify life changes that will improve their personal relationships with themselves and others. Exhibit booths are still available and if your organization would like to place an advert in the souvenir program booklet please reach out to Doug Anthony at [dsgardin1221@yahoo.com](mailto:dsgardin1221@yahoo.com).

Since its inception, the conference was created to provide for a meeting of minds, the appreciation for different perspectives and to affirm the commonalities between and for the Transgender community. By convening all the pertinent stakeholders to have provocative dialogue, providers can continually improve, find solutions and further enhance safe places, access to care and most importantly ensure that equality without bias is the order of the day for the Transgender populace.
